(a)

(b)

why focus on people?

- engagement leads to agency
- disengagement leads to apathy
- complex solutions require participation
- good business sense

sensemaking

Pachube – data infrastructure

www.pachube.com

pachube

About us | Tutorials | API Documentation | Libraries & Examples

Store, share & discover realtime sensor, energy and environment data from objects, devices & buildings around the world. Pachube is a convenient, secure & scalable platform that helps you connect to & build the 'internet of things'. **SIGNUP**

INPUT • Register a Feed

Create a feed from a device, building, environment or sensor connected to the internet and **store, share & graph its datastreams in realtime...**

REGISTER A FEED

OUTPUT • Use a Feed

Access realtime & historical data from devices, buildings, environments or sensors to **control other environments, embed graphs in websites, trigger actions, etc...**

USE A FEED
